

# Some Reasons Why

The C

Because The Citizen is a home paper. It is either delivered by carrier at the home or is carried home by the business man when his day's work is done and it STAYS THERE. A morning paper is usually carried down town by the head of the family and hurriedly read.

I

The Citizen is not read hurriedly, but thoroughly, so that all advertisements receive their share of attention. It presents the store news a little ahead, giving the prospective purchaser time to plan a shopping tour for the next morning.

T

Wise advertisers patronize The Citizen because they know their advertisements are seen and read at the homes in the evening, and if they are offering something worthy of attention, their ad has accomplished its mission.

I

The Citizen has never given premiums to subscribers, but is subscribed to and paid for on its news merits, showing that its subscribers have money with which to buy what they want from legitimate merchants. These are the people The Citizen invites to your store.

Z

The Citizen employs a man whose business it is to look after your advertising wants. He will write your copy if you wish. If not, he will see that your ads are "set up" to look their best and he will attend to them from day to day.

E

Are you advertising in The Citizen? Your competitors are, and are profiting by it. Do you think conservative business men are spending money where they are not getting results? Get in the swim and watch your business grow.

A Faithful Friend.			
"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy since it was first introduced to the public in 1872, and have never found one instance where a cure was not speedily effected by its use. I have been a commercial traveler for eighteen years, and never start out on a trip without this, my faithful friend," says H. S. Nichols of Oakland, Ind. Ter. When a man has used a remedy for thirty-five years he knows its value, and is competent to speak of it. For sale by all druggists.
